Walker, I. Chandler. A clinical study of 400 patients with bronchial asthma, 288.

SUBJECTS

A

Abortions and homicides, duty of physicians with respect to, 314.

Administration of a military base hospital and its comparison with a civil hospital, Channing Frothingham, M.D., 223.

Alcohol in influenza, 600; in peace and war, 206.

American Medical Biographies: Janeway, Theodore Caldwell, 597; Mann, James, 626; Richardson, Maurice Howe, 649; Price, Joseph, 681; Firmin, Giles, 709; Bard, John, 739; Musser, John Herr, 772.

Alveolar Tension, a clinical method of collecting expired air for the determination of alveolar CO_2 tension, Paul Roth, M.D., 130.

American Medical Association meeting, 23.

American Research on Trench Fever, 653.

Anilin poisoning in Massachusetts, Thomas F. Harrington, M.D., 497.

Annual Meeting of the council, June 18, 1918, 25.

Antivaccination, 243; Antivaccination and two other crazes, Beverley Robinson, 384.

Attempt to prevent influenza at Harvard College, George R. Minot, M.D., and Robert F. Loeb, 665.

Auditory and kinetic theories of seasickness, 404.

B

Babies in a war industries town, 252.

Bard, John, (1716-1799), Walter L. Burrage, M.D., 739.

Biographies, American medical, 601.

"Birth Control," Mabel D. Ordway, M.D., 421.

Birth Decline. A suggested remedy, P. Nettle, M.D. 412.

Bladder and Urethra, impacted stones of the, Walter D. Bieberbach, M.D., 163.

Blood Pressure in insane patients aged sixty and over, study of, E. T. Gibson, M.D., and A. M. Kimberly, A.B., 693.

Blood transfusion and saline infusion, 54.

Bolls, ultra-violet light for. A case report, John Bryant, M.D., 377.

Book Reviews.
Study of organ inferiority and its psychical compensation, Dr. Alfred Adler, 456.
The method of ensyme action, James Beatty, M.A., M.D., 339.
The practical medicine series, edited by Frank Billings, M.D., and Albert J. Ochsner, M.D., 300.
A textbook of nervous diseases, Robert Bing, 627.
A treatise on regional surgery, edited by John Fairbairn Binnie, F.A.C.S., 49.
Botanic drugs, Thomas S. Blair, M.D., 599.
Immune sera, Charles Bolduan, M.D., and John Koopman, 537.
Clinical studies in the relationship of insanity to crime, Paul E. Powers, M.D., 401.
Applied bacteriology, edited by C. H. Browning, M.D., 101.
Handicaps of childhood, H. Addington Bruce, 490.
Cancer and its treatment, Duncan Bulkley, A.M., M.D., 684.
The clinical pathology of the blood of domesticated animals, Samuel Burnett, D.V.M., 205.
Nutrition and clinical dietetics, Herbert S. Carter, M.D., and others, 50.
Organs of internal secretion, Ivo Geikie Cobb, M.D., M.R.C.S., 599.
Therapeutic immunization, W. M. Crafton, M.D., 167.
Psychological medicine, Maurice Craig, M.D., 101.
Tumors of nervous acousticus, Harvey Cushing, M.D., 241.
A handbook on antiseptics, Henry D. Dakin, F.R.S., and Edward K. Dunham, M.D., 52.
Obstetric and gynecologic nursing, Edward P. Davis, M.D., 205.
Good health, Alvah H. Doty, M.D., 168.
Acute poliomyelitis, George Draper, M.D., 52.
Oral sepsis and its relationship to systemic disease, William W. Duke, M.D., 300.
Technic of the Carrel method, J. Dumas and Anne Carrel, 510.
Clinical bacteriology and hematology, W. D'Este Emery, M.D., 240.
Vagatonia: A clinical study in vegetative neurology, Dr. Hans Eppinger and Dr. Leo Hess, 456.
Waverley Researches in the pathology of the feeble-minded, edited by Walter Fernald, M.D., 302.
Military medical administration, Joseph H. Ford, M.D., 240.
Physical remedies for disabled soldiers, R. Fortescue Fox, M.D., 684.
Three contributions to the theory of sex, Prof. Dr. Sigmund Freud, LL.D., 401.
Typhoid fever, Prof. Frederick P. Gay, 49.
The internal secretions, E. Gley, M.D., 599.
Lord Lister, Sir Rickman John Godlee, 401.
Modern dietetics, Lulu Graves, 684.
Cancer: Its nature, causes, diagnosis and treatment, Robert H. Greene, A.M., M.D., 339.
Scopolamine-morphine—semi-narcosis during labor, William Osborne Greenwood, M.D., 301.
The diagnosis and treatment of venereal diseases in general practice, L. W. Harrison, D.S.O., 340.
The sense of taste, H. L. Hollingsworth, Ph.D., and A. T. Poffenberger, Jr., Ph.D., 490.
The future of the disabled soldier, C. W. Hutt, M. A., M.S., P.H.S., 711.
Interpretation of dental and maxillary roentgenograms, Robert H. Ivy, M.D., 302.
Radium therapy in cancer, Henry H. Janeway, M.D., 651.
Diseases of the nervous system, Smith Ely Jelliffe, M.D., and William A. White, M.D., 242.
The technique of psychoanalysis, Smith Ely Jelliffe, 274.
Food poisoning, Edward Oakes Jordan, 490.
The treatment of diabetes mellitus, Elliott P. Joslin, M.D., 50.
Diabetic manual, Elliott P. Joslin, M.D., 168.
Medical research and human welfare, W. W. Keen, M.D., 168.
A handbook for school nurses, Helen W. Kelly, R.N., and Mabel C. Bradshaw, R.N., 51.
Radiography and radio-therapeutics, Robert Knox, 240.
Diseases of the throat, nose and ear, William Lamb, M.D., 302.
Aids to rational therapeutics, Ralph W. Leftwich, M.D., 302.
A textbook on gonorrhea and its complications. Dr. Georges Luys, translated by Arthur Foerster, Capt., R.A.M.C., 340.
The modern milk problem, J. Scott MacNutt, 168.
The dream problem, A. E. Maeder, M.D., 429.
Notes on galvanism and faradism, E. M. Magill, 510.
Microbiology, edited by Charles E. Marshall, 101.
Medical service at the front, Lieut.-Col. John McCombe, C.A.M.C., and Capt. A. F. Menzies, C.A.M.C., 52.
General principles of therapeutics, Francis H. McCrudden, M.D., 48.
General principles of therapeutics, Francis H. McCrudden, S.B., M.D., 400.
Medical war manuals, Nos. 5 and 6, John R. McDill, M.D., F.A.C.S., 20.
Reclaiming the maimed, R. Tait McKenzie, M.D., 205.
Publications of the Red Cross Institute for crippled and disabled men, Douglas C. McMurtrie, 301.
Publication of the Red Cross Institute for Crippled and disabled men, Douglas C. McMurtrie, 301.
The destiny of the American Surgical Association, J. Ewing Mears, M.D., 300.
American addresses on war surgery, Sir Berkeley Moynihan, 50.
Handbook of suggestive therapeutics, applied hypnotism and psychic science, Henry S. Munro, M.D., 652.

Dream psychology, Maurice Nicholl, M.B., Capt. R.A.M.C., 340.

The treatment of emergencies, Hubley R. Owen, M.D., 241.

City milk supply, Horatio Newton Parker, 537.

Materia medica for nurses, George P. Paul, M.D., 241.

Military surgery, Dunlap Pearce Penhallow, S.B., M.D., 338.

Fractures of the radius, Lewis Pilcher, M.D., 241.

Blood pictures, Cecil Price-Jones, M.D., 652.

A manual of personal hygiene, edited by Walter Pyle, A.M., M.D., 239.

The significance of psychoanalysis for the mental sciences, Otto Rank, M.D., and Hanns Sachs, M.D., 429.

The treatment of cavernous and plexiform angiomata by the injection of boiling water (Wyeth method), Francis Reder, M.D., F.A.C.S., 339.

Wishfulfillment and symbolism in fairy tales, Dr. Franz Ricklin, 653.

Long heads and round heads, W. S. Sadler, 711.

A chemical sign of life, Shiro Sashiro, 537.

Shall disease triumph in our army? Major Louis Livingston Seaman, U.S.V.E., 567.

Chemistry of food and nutrition, Henry C. Sherman, Ph.D., 205.

A manual of clinical diagnosis by means of laboratory methods, Charles E. Simon, M.D., 49.

A manual of nervous diseases, Irving J. Spear, M.D., 101.

The nervous system and its conservation, Percy Goldthwait Stiles, 51.

The diagnosis and treatment of tropical diseases, E. R. Stitt, M.D., 101.

The diagnostics and treatment of tropical diseases, E. R. Stitt, M.D., 240.

Food for the sick, Solomon Strouse, M.D., and Maude Perry, A.B., 48.

A treatment on clinical medicine, William Hanna Thompson, M.D., 51.

Clinical diagnosis, James Campbell Todd, Ph.B., M.D., 239.

Nervous children, Beverley R. Tucker, M.D., 401.

State sanitation, George Chandler Whipple, 537.

Minor maladies and their treatment, Leonard Williams, M.D., 339.

Handbook of anatomy, James K. Young, M.D., F.A.C.S., 599.

Pharmaceutical botany, Heber W. Youngken, Ph.G., 204.

The medical clinics of North America, 49.

New and non-official remedies, 241.

British Surgeons, visit of three to America, 135.

Bronchial Asthma, a clinical study of 400 patients, I. Chandler Walker, M.D., 288.

Bronchoscopy. Tooth impacted in a secondary bronchus of the left lung: removal by lower bronchoscopy after two unsuccessful attempts by upper bronchoscopy, Sir StClair Thomson, M.D., F.R.C.P., F.R.C.S., 669.

C

Canadian Army medical corps, 718.

Cancer, delay in the surgical treatment of, Channing C. Simmons, M.D., 639; Modern principals in the control and management of cancer, Edward Reynolds, M.D., 147.

Cardiac Case, what the cardiac case can do, Henry A. Christian, M.D., 488.

Chicago Medical Society and compulsory health insurance, 209.

Children's Pavilion of Sharon sanatorium, Vincent Y. Bowditch, 384.

Civil Service Instrument, the physical examination as a, Andrew F. Downing, M.D., 181.

Collecting Expired Air, a clinical method of, for the determination of alveolar CO_2 tension, Paul Roth, M.D., 130.

Child Conservation, 712.

Colds, treatment of, D. C. Dennett, M.D., 41.

Communicable Diseases in Massachusetts, resume of, for June, 1918, 144; for July, 1918, 281.

Continuous Inhalation of oxygen gas in pneumonia and in other diseases, Albert N. Blodgett, M.D., 798.

Correspondence, Free Government radio school, Arthur Batcheller, 581; Registration in medicine, Walter P. Bowers, 384; Children's pavilion of Sharon Sanatorium, Vincent Y. Bowditch, 384; The Crane Sanatorium, Vincent Y. Bowditch, 440; The practice of medicine in an army base hospital, Richard C. Cabot, Major, M.R.C., 71; Volunteer Medical Service Corps, Henry A. Christian, 495; Collection of scrap platinum, Charles H. Conner, Lieut.-Col. F. F. Simpson, M.C., U.S.A., 692; Carlyle's description of influenza in 1837, William Pearce Coues, 814; American Red Cross: survey of nurses, Guenn Cooke, 692; Drug regulations, John P. Davin, M.D., 552; Volunteer Medical Service Corps, Council of National Defense, Edward P. Davis, 582; The Coventry case, Alfred Ela, 747; Anesthetic technicians, Paluel J. Flagg, 528; Mobilizing the mind, Paul W. Goldsbury, M.D., 696; A plea for the general adoption of a plan of hospital organization that will release competent physicians for army service, S. S. Goldwater, 71; Grippe and nasal sinusitis, John J. Hurley, M.D., F.A.C.S., 691; Normal salt solution, H. S. Jelalian, M.D., 664; Recruiting of student nurses, Franklin Martin, 218; The crippled beggar, Douglas C. McMurtrie, 72; Kissing—a function, A. McRobbie, 348; Directory for wet nurses, John Lovett Morse, 218; Clinical notes on influenza, Samuel W. Myers, M.D., 523; Birth decline: a suggested remedy, P. Nettle, M.D., 412; Hearing tests, Joseph Prenn, M.D., 523; Corrections, Jos. Prenn, M.D., 581; Death of Miss Colby, James J. Putnam, M.D., 580; Changes in surgical treatment, Beverley Robinson, M.D., 180; Anti-vaccination and two other crazes, Beverley Robinson, M.D., 384; Platinum cautery tips, E. H. R., 464; Time-crowding as a factor in influenza, Boris Sidis, 581; Conservation of platinum, Lieut.-Col. F. F. Simpson, M.C., N.A., 464; Volunteer Medical Service Corps, Alec N. Thomson, Major, M.C., U.S.A., 495; Iowa State Medical Society, a correction, Tom B. Throckmorton, 34; An author's correction, Frank E. Wheatley, First Lieut., M.R.C., 72.
